Healthy, happy horse, happy owner

We strive to offer a custom natural
herbal blend, formulated for your
horses needs

OUR COMPANY RESUME

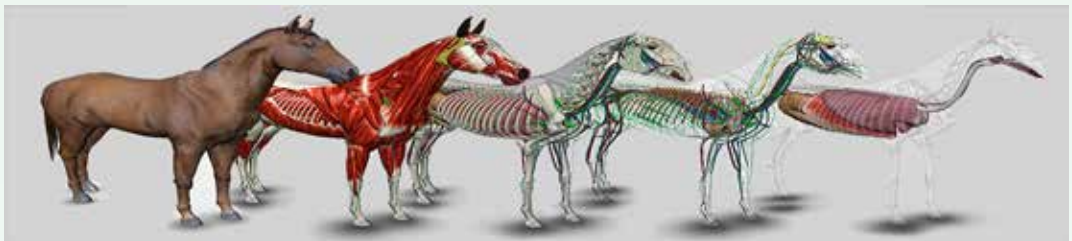

A young and dynamic start-up company that evolved from working with a renowned and celebrated Herbalist and Iridologist for a number of years. We inherited the collection of natural herbal recipes that have proven successful in assisting horses to maximize their potential performance for decades.

We have a qualified advanced herbalist who is available for advice and to help with any questions you may have. The team is made up of people that have been involved in the horse world from an early age and have an excellent understanding of a total cross section of the equine world.

Working on, and developing these recipes, we have come up with a range of natural products that comprehensively cover the needs of horses in whatever discipline they operate in.

We have exclusive premises for storage, preparation, packaging and dispatching our products with regional distribution in the UK, Ireland and Europe.

We engage in a production process that involves keeping samples of all products to ensure traceability, and regular testing of the natural herbal formulas to ensure our products are free from any prohibited substances.

ARTHRITIS CASE STUDY

DANNY K — 173cm

6 year old KWPN

Danny was showing signs of lameness in February 2019 as a 5 year old. X-Rays confirmed arthritic changes in his off fore fetlock. Danny was immediately started on a bespoke herb formula specifically to help with the symptoms of arthritis. Following 6 weeks rest he was brought back into work.

The results of Danny's diagnosis prompted a review of his day to day management, and a holistic approach to his wellbeing. Danny has now been in full work for 18 months, and has started his showjumping career.

There has been no re-occurrence of his lameness and he is now competing in his first competitions.

Due to the success of this herbal formula for the treatment of arthritis we have launched this product as **ULTRA FLEX**.

Ultra Flex contains trace minerals manganese and copper, ingredients important to building and maintaining joint tissues. The herbs turmeric, boswellia and yucca that are included in this formula, are known for their anti-inflammatory properties.

ULTRA FLEX is now proving very successful for our clients in the treatment of arthritis and horses with compromised mobility.

If you have any questions regarding **ULTRA FLEX** please get in touch.

PRODUCTS

CALMERS & ANTI STRESS

CALM

This combination of herbs has been used with success for the relieving of nervous tension. These herbs are classed as nervines and have a relaxing effect without causing drowsiness and will not affect performance in a detrimental way. Calm can be used on a long term basis.

CALM & SETTLE

Calm & Settle is in tincture form so is faster acting, and is suitable for horses that are calm at home but can get excited or stressed when competing or have a change in their environment. It has proved successful for use on one off occasions where the horse needs to be more settled and relaxed, for example racing, competition, clipping etc. and has proved to be particularly effective for horses that are poor travellers. It does not adversely affect performance so is ideal for horses that need help relaxing at competitions.

PRODUCTS

BREEDING

REGULAR MARE

The results from the use of the Regular Mare herbs have been excellent, assisting with fertility and long term barren mares getting in foal. The formula helps to balance the female reproductive system and maintain good levels of oestrogen.

PRODUCTS PERFORMANCE

HERBAL BUTE

The herbs that are included in this formula are known for their alterative cleansing properties. They will help the body to natural soothing, which in turn will give natural relief from pain, the relief is gradual as the tissues rebuild, due to the herbs that are classed as cell proliferents, hugely important for strains/sprains of tendons and ligaments, muscle damage and minor wounds.

This product can be given on a long term basis. Herbal Bute is also very beneficial to horses and ponies susceptible to laminitis. A cell proliferent, for bone, ligaments, tendons, skin and muscle, hoof growth, sprains, strains and general maintenance.

UNTYE

This blend of natural herbs has proven effective in aiding the body to naturally release muscle spasms and reduce stiffness, assisting horses that are prone to tying up.

Tying up occurs frequently during or after exercise, and if left untreated can result in severe muscle damage. This formula further assists in reducing the possibility of muscle fatigue due to lactic acid build up.

The herbs in UNTYE have been proven to be very effective in easing muscle cramps, are high in antioxidants and contain high levels of vitamin E.

UNTYE has proved to be beneficial to horses in intense work helping to reduce stiffness associated with sporadic and chronic tying up.

ULTRA FLEX

This combination of herbs is excellent for joint maintenance and flexibility. Suitable for horses showing signs of compromised mobility. This formula has proved to be particularly effective for horses showing signs of arthritis.

Ultra Flex contains trace minerals manganese and copper, ingredients important to building and maintaining joint tissues. The herbs turmeric, boswellia and yucca that are included in this formula, are known for their anti-inflammatory properties, making Ultra Flex the go to product for horses showing signs of arthritic changes.

KIDNEY FLUSH

This natural blend of herbs helps to tone and flush the kidneys, preventing them from becoming overloaded and functioning less effectively. Also helping to relieve stress and general discomfort which can lead to behavioural and performance issues. This can occur through many different ways, for example by feeding too much protein.

The herbs in KIDNEY FLUSH are proven to be effective in maintaining a healthy urinary tract and naturally helping to de-tox your horse.

MARE REMEDY

This combination of herbs helps to tone and balance the female reproductive system. The herbs are rich in natural hormone precursors which help to maintain good levels of oestrogen. This formula has been successful in helping hormonal related problems such as temper, pain, nervous tension and loss of performance.

Mare Remedy has helped mares suffering from loss of performance, and is also very effective in helping mares become more settled when in season.

ANTI BLEED

This herb combination includes herbs that are known to have diuretic properties, and herbs that are known for their anti-bleeding and haemorrhage stopping ability. The herbs in this product have a high calcium content and is excellent for every day and competition use, and can be used for horses that have been seen to bleed. The product also contains anti-inflammatory properties and aids breathing and respiration.

This product works by building up the herbs in the horses system and we recommend to feed every day, and for a period of 2 – 3 weeks before the horse does any fast work. Administer the whole course.

HOOF FORMULA

This formula includes herbs that stimulate and improve circulation and blood supply to the foot, helping to improve both the quality and quantity of horn in the hoof. Hoof formula includes Rosehips which is an excellent source of Biotin and vitamin C, and encourages strong and healthy hoof growth.

COMFREY GEL

Comfrey helps tissue regeneration, peripheral blood flow, and helps sooth pain and is an effective anti-inflammatory. Excellent for care after injuries, sprains, bone issues and bruising, swollen joints and arthritis.

PRODUCTS DIGESTION & RESPIRATION

DIGESTIVE BALANCE

This is a combination of bitter herbs which are specifically for the digestive system, stimulating and assisting in digestion. The product encourages appetite for fussy eaters. Excellent for horses who find it difficult to gain or maintain their weight.

ULCER GUARD

This combination of herbs is an effective formula that helps to maintain optimum digestive health and comfort.

VERM FREE

This combination of herbs includes herbs that are classed as vermifugal and herbs classed as vermicide. Also herbs that are alterative to aid the body to cleanse and demulcents to help soothe the mucous membranes. These herbs are an excellent parasite repellent, and as the formula is herbal it is not harsh on the system.

RESPIRATION

This combination of herbs aid the body to naturally ease irritation in the respiratory tract and to assist the discharge of mucus secretions.

These herbs are used for coughing or breathing issues and can help resolve respiratory problems.

CONDITION

This combination of herbs promotes a healthy digestive system in a completely natural formula. Condition is an effective all round maintenance and welfare formula, and enhances condition and coat shine from within. For older and younger horses who are showing signs of fatigue and feeling generally flat and lacklustre.

TESTING PROCEDURES

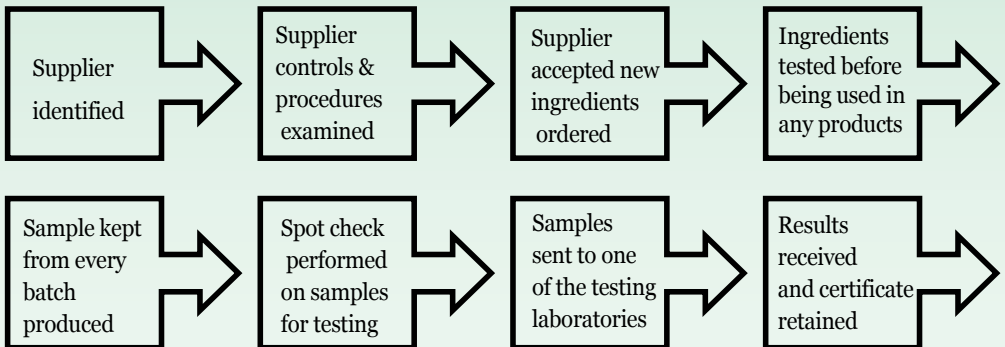

To guarantee the quality and traceability of our products and to ensure that they contain no prohibited substances, we retain samples of all products and regularly test our formulas at Newmarket (UK) and Les Courses Hippiques Laboratory (LCH France). We work with a few key suppliers who have demonstrated the highest level of controls and testing procedures.

HERBAL PRODUCTS
NATURAL HERBS THAT HELP

WHAT WE DO

INGREDIENTS

We use mainly the roots and bark of the plant for their strength, making the products very effective. These products have been tried and tested over many years and are free from prohibited substances. They offer a natural solution to help keep your horse fit and well and at the top of its game.

PRODUCT

Murphy's Herbal Products diligently source the highest quality ingredients from reputable producers. All our formulas and recipes have been produced to provide a natural route to assist horses to achieve maximum potential in whatever equestrian discipline they operate in.

QUALITY ASSURANCE

We keep samples for each batch of formulas produced by us. Sampling allows us to gather information about the quality and safety of each batch produced, handled and passed on to our clients. We also send regular samples of our formulas to an independent lab where they receive stringent testing for any prohibited substances, so you can be assured that every effort has been taken to ensure your horses welfare is being taken care of.

ADVICE

Our qualified herbal practitioner is on hand directly or through our website to answer any questions you may have and to offer advice on products and how they work. We are also able to blend custom formulas for specific conditions.

DISCLAIMER

The products provided by Murphy's Herbal Products make no medical claims and in no way intend to be a substitute for medical consultation. Although we carefully review our products and content we cannot guarantee nor take responsibility for the medical accuracy or assume any liability of our products linked to the company.
